Notes :

1 The Company operates in only one segment - Industrial Intermediate Chemicals.

- 2 Previous year's figures have been regrouped wherever necessary.
- 3 There were no complaints at the beginning of the quarter. During the quarter, 22 investor complaints were received, all of which were disposed of by the Company.
- 4 The Auditors' report on the annual accounts of the Company for the year ended 31st March 2009 contains the following comment :

" The Company has, during the period 1995-2003, invested Rs. 2764.50 lacs in SPIC Electric Power Corporation (Private) Limited and given advances against equity amounting to Rs.33.91 lacs during the financial years 2006 to 2008 for which no provision has been considered necessary by the management. In view of the considerable delay in the implementation of the project, we are unable to express an opinion on the provision, if any, required in respect of the said investment and advances against equity."

Board's comment : In furtherance to the execution of the Memorandum of Understanding (MOU) in June 2007 by the Company and SPIC Electric Power Corporation (Private) Limited (SEPC) with an investor company for implementation of the Power Project and the subsequent negotiations held with them, the terms of the Shareholders and Share Subscription Agreement with the investor company have been finalised and is expected to be executed soon. The investor company has been meeting the day-to-day expenses of SEPC from August 2007. Due to non-payment of lease rentals, the Tuticorin Port Trust sought to repossess the land allotted to SEPC. SEPC approached the High Court of Madras for appointment of an arbitrator to resolve the dispute. A sole arbitrator was appointed in July 2008 and arbitration proceedings are in progress. In view of these developments, no provision for permanent diminution in the value of investment and advance against equity is considered necessary at this stage.

" Assets held by the company amounting to Rs.2138.81 lacs are expected to be transferred to the proposed overseas project at not less than cost. We are unable to express an opinion on the realisable value of these assets".

Board's comment :The technology supplier who designed the equipments is common for both the Company and its overseas joint venture and hence the equipments are suitable for being used for the project. The company is therefore confident of realising the value of the equipments at not less than their cost.

The above audited financial results were approved by the Board of Directors at its meeting held on 7th May 2009.

Place : Chennai

V. RAMANI

Date : 7th May 2009
